

Pupil Premium 2017-18

The Pupil Premium is additional funding given to publicly funded schools in England to raise the attainment of disadvantaged pupils and close the gap between them and their peers.

For the period 1st April 2017– 31st March 2018 we have received £258,500 to improve the attainment of these pupils.

What the Department for Education says:

We hold head teachers and school governing bodies accountable for the impact of pupil premium funding in the following ways:

- Performance tables, which show the performance of disadvantaged pupils compared with their peers requiring schools to publish details online each year of how they are using the pupil premium funding and the impact it is having on pupil achievement
- The Ofsted inspection framework, where inspectors focus on the attainment of pupil groups, and in particular those who attract the pupil premium”

Main Barriers

Shireland Hall Primary is located within an area of high deprivation (4th quartile in Sandwell) and has a high proportion of children who have limited experiences outside school, gaps in age related expectations, few opportunities beyond school to experience the modelling of standard spoken English, lack of confidence, frequent behaviour difficulties and attendance and punctuality issues.

We believe that as individuals with individual needs then support should be bespoke, not an “off the shelf” resource. The progress of all the pupil premium pupil is discussed in depth with each year group each half term. Strategies to accelerate progress and raise standards in this bespoke manner are explored in detail at these meetings.

2016/17 Reception baselines indicated that 22% of pupils start at the expected standard in Reading and 29% in Writing.

Emotional health and wellbeing is paramount to supporting the learners and this is a key factor in the improving academic standards of the pupil premium children. As a result we use the grant to invest in a strong wellbeing and attendance team who not only support the pupil premium children but their families also.

50% of the current Y6 (17/18) are identified as Pupil Premium. 229 pupils across the school.
